If you have been searching for the right store for all your **:reinforcement steel, building materials, roofing materials, gate construction materials, window section materials, welding tools** - search no more

## OUR SERVICES

We take pride in the process of helping our clients and providing them with the best cutting, bending, assembling and steel fixing services. Our well esteemed team of experts will help you at every step, in order to save you time, money and other resources. At Zimsteel, we do not only supply products, we sell solutions.

## PROJECT PROCESS

After your architectural drawing is approved, your engineer will produce fixing drawings and bending schedules. From there, worry no more as a highly diversified company we assist you with steel supply, cutting, bending, assembling and site fixing.

# PRODUCT CATEGORIES

## REINFORCEMENT STEEL PRODUCTS

### Stirrups/Links

Steel Links or stirrups are square or rectangular elements made by bending the deformed bars to form a ring like structure. These links are used together with deformed bars to make reinforcement beams and columns.

Zimsteel can assemble all links sizes and diameters. Custom links can be made depending upon the requirements of the clients.

### Mesh wire S193

Mesh wire can be used for a wide range of applications including driveways, patios, house slabs and commercial / industrial applications.

### Tying wire

Zimsteel offers tying wire available in black annealed and galvanized. Tying wire is used to secure deformed bars, links and mesh wire sheets in place when concrete is poured to form the structure. Tying wire is tied around the links wherever they meet the deformed bars or mesh wire sheets. This gives temporary firmness to the steel structure until concrete is poured.

### Deformed bars

We provide a wide range of deformed bars from y10 to y32 in various lengths (6m and 12m). Clients can order pre-cut lengths or custom cut to length in any quantity required at affordable rates. Deformed bars are used to form reinforcement for bases, columns, slabs, walls, beams working in combination to create diverse concrete structures. For reinforced concrete structures our deformed bars offer high tensile strength that is second to none.

## ROOFING MATERIALS

### Roofing Timber

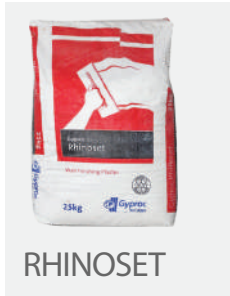

TIMBER	38*38
TIMBER	38*76
TIMBER	38*114
TIMBER	38*152
TIMBER	38*228
BUNDLE	12 UNITS
BRANDERING	
PLYWOOD 19MM	(1.2X2.4)

## ROOFING MATERIALS

ASBESTOS | FASCIA BOARDS | IBR SHEETS | VALLEY GUTTERS | TRUSS HANGERS | ROOFING BOLTS | ROOFING NAILS | WIRE NAILS | CLOUT NAILS | HANDSAW | HOOPING | IRON STRIPS, ROOFING BOLTS

## CEILING MATERIALS

RHINOSET

RHINO BOND

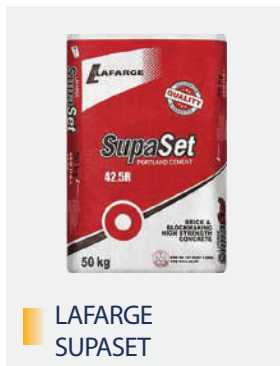

RHINO CORNICE

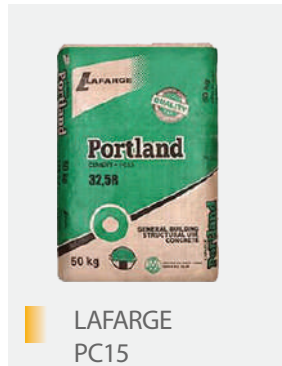

+more:  
CEILING BOARDS,  
U TRACKS  
L ANGLES  
RHINOTAPE  
COVEBOND

## BUILDING MATERIALS

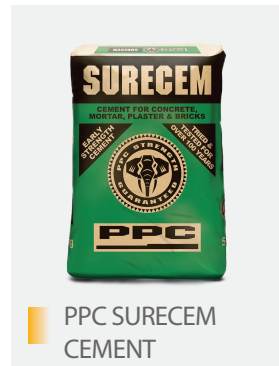

### CEMENT

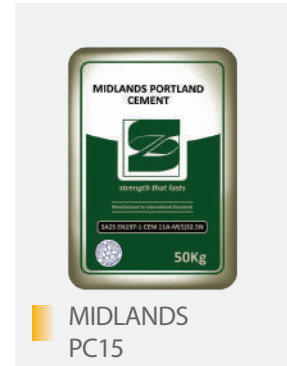

LAFARGE  
SUPASET

LAFARGE  
PC15

PPC SURECEM  
CEMENT

MIDLANDS  
PC15

DPC- 115&230 POLYTHENE SHEETS (150 &250 MICRONS) TERMITE POISON (5 liters),  
AIRVANES BRICKFORCE 115 &230

## GATE CONSTRUCTION MATERIALS

SQUARE TUBES  
GATE WHEELS (40MM, 60MM, 80MM)  
ROUND BARS (10MM)  
ANGLE IRON  
ROUND TUBES

## WINDOW SECTION MATERIALS & SCREEN GATES

FX, FX7, WINDOW HANDLES, RT13, RT6, FLAT BARS, SQUARE TUBES, RECTAGULAR TOOLS, ANGLE IRON

## PALISIDE FENCE MATERIALS

ANGLE IRON  
ROUND BARS  
FLAT BARS  
SQUARE TUBES  
RECTANGULAR TUBES

## WELDING TOOLS

WELDING DISC, WELDING RODS

## CURTAIN RAILS

ROUND TUBES

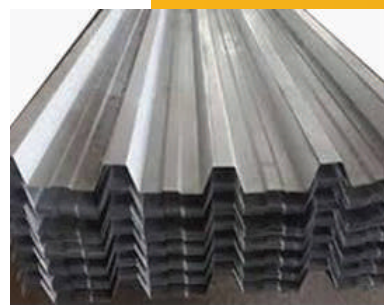

## DOOR FRAMES

115 DOOR FRAMES -1MM  
230 DOOR FRAMES -1MM  
115 FURNLIGHT DOOR FRAMES  
230 FURNLIGHT DOOR FRAMES

HINGES, BARREL BOLTS

## IBR SHEETS

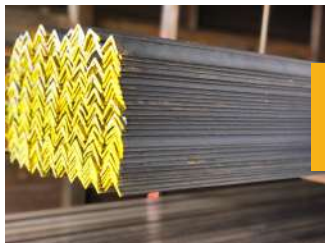

- 3.6M(0.25)
- 0.3 METRE GAUGE
- 0.4 METER GAUGE

## SQUARE TUBES

Square Tube 15\*15\*1.2(Black)  
15\*15\*1.2(Silver)  
Square Tube 20\*20\*1.2(Black)  
20\*20\*1.2(Silver)  
Square Tube 25\*25\*1.2(Black)  
25\*25\*1.2(Silver)  
Square Tube 30\*30\*1.2(Black)  
30\*30\*1.2(Silver)

## ANGLE

Angle Iron 25\*25\*3  
Angle Iron 30\*30\*3  
Angle Iron 40\*40\*3  
Angle Iron 40\*40\*5  
Angle Iron 50\*50\*3  
Angle Iron 50\*50\*5  
Angle Iron 60\*60\*6  
Angle Iron 80\*80\*6

## RECTANGULAR

Rect Tube 20\*40\*1.2 SILVER  
Rect Tube 25\*40\*1.2 SILVER  
Rect Tube 25\*50\*1.2SILVER  
RECTANGULAR TUBE 25\*50\*1.2 BLACK  
Rect Tube 25\*50\*1.6 SILVER  
Rect Tube 76\*38\*1.2 BLACK

## CHANNEL

CHANNEL 100\*50  
CHANNEL 76\*38

## FLAT BARS

Flat Bar 20\*3  
Flat bar 25\*3  
Flat bar 30\*3

## ROUND TUBES

Round Tube 20\*1.2  
Round Tube 25\*1.2  
Round Tube 32\*1.2  
Round Tube 38\*1.2  
Round Tube 50\*1.2  
Round Tube 60\*1.2  
Round Tube 76\*1.2  
Round tube 76\*1.6

## HOOK BOLTS

M6\*150 HOOKBOLTS  
M6\*80 HOOKBOLTS  
DRY WALL SCREWS  
RHINOTAPE  
A.C JOINERS
